Professional Summary

Full Stack Developer with a results-driven mindset, specializing in building scalable SaaS and web applications using **Next.js**, **React.js**, **Node.js**, **NestJS**, and **PostgreSQL**. Experienced in designing robust backend systems, developing high-performance and intuitive frontend dashboards, and implementing secure authentication and authorization workflows. Skilled in performance optimization, caching strategies, and deployment automation, delivering reliable, production-grade applications supporting hundreds of active users.

Technical Skills

Languages: JavaScript, TypeScript, Python

Frontend: React.js, Next.js, Tailwind CSS, HTML5, CSS3

Backend: Node.js, Express.js, NestJS, REST APIs, GraphQL APIs, JWT

Databases: PostgreSQL, MongoDB, MySQL

ORMs: Prisma, Mongoose

Cloud/Deployment: Vercel, Render, Supabase, Neon

Tools: Git, GitHub, Postman, VS Code

Experience

Full Stack Developer

Jun 2025 – Present

Datavalley.ai

- Built and maintained a CRM platform to manage leads, contacts, and workflow automation for an ed-tech company.
- Built and optimized GraphQL APIs using NestJS, Prisma ORM, and PostgreSQL for efficient handling of leads, contacts, and workflow operations.
- Implemented OTP-based email authentication and JWT authorization with RBAC using NestJS Guards to ensure secure and role-based access control.
- Designed scalable and normalized PostgreSQL schemas along with a modular backend architecture for maintainable and extensible systems.
- Developed bulk data ingestion pipelines (CSV/Excel) with validation and real-time UI feedback to support large-scale data imports.
- Engineered and deployed a scalable Learning Management System (LMS) supporting **500+ active users** with Admin, Trainer, and Student roles.
- Developed backend services using Node.js and Express.js for course management, quizzes, assignments, and assessments.
- Improved system performance by optimizing API response times, database queries, and caching strategies, ensuring efficient handling of concurrent users.

Full Stack Developer Intern

Feb 2025 – Apr 2025

VH Global Technologies

- Built and styled responsive user interfaces using HTML, CSS, and JavaScript, improving usability and page structure.
- Implemented dynamic data rendering on the frontend using JavaScript, enabling interactive user experiences.
- Developed reusable UI components with clean and maintainable HTML and CSS for consistent design across pages.

Projects

Customer Relationship Management (CRM) | crm.datavalley.ai

- *Next.js, React, TypeScript, Tailwind CSS, GraphQL, NestJS, PostgreSQL*
- Built a scalable CRM system using Next.js and NestJS with a modular architecture (Controller–Service–Repository pattern).
- Developed REST and GraphQL APIs for managing leads, contacts, workflows, and role-based operations.
- Implemented OTP-based authentication and JWT-based RBAC for secure access control.
- Designed optimized PostgreSQL schemas and improved performance using indexing and efficient query handling.
- Developed bulk CSV/Excel upload functionality with validation and real-time status tracking in the UI.

Learning Management System (LMS) | learning.datavalley.ai

- *Next.js, TypeScript, Node.js, Express, MongoDB, JWT*
- Architected and deployed a scalable LMS platform supporting **500+ users** with multi-role access (Admin, Trainer, Student).
- Built backend systems for course management, video streaming, assessments, and coding challenges with optimized processing.
- Developed interactive dashboards for tracking student progress, performance analytics, and engagement metrics.
- Improved API response times and application performance through query optimization, indexing, and efficient backend processing.
- Implemented real-time features using WebSockets for live quizzes, coding evaluations, and instant progress updates.

Education

B.Tech – Computer Science and Engineering <i>Annamacharya Institute of Technology and Sciences</i>	2019 – 2023
Intermediate (Mathematics, Physics, Chemistry) <i>Narayana Junior College, Telangana Board</i>	2017 – 2019
High School (SSC) <i>S.T Anthony’s High School</i>	2017

Certifications

HackerRank – Software Engineer Certificate <i>Problem Solving, SQL, REST APIs</i>	 View
CodeChef – Frontend Development Certificate <i>HTML, CSS, JavaScript</i>	 View
